### **Myanmar Security Expo returns from 17 – 19 October 2018 at Yangon Convention Centre**

17 October 2018, Yangon, Myanmar - Myanmar Security Expo returns for its third edition from 17 to 19 October 2018 at the newly-built venue - Yangon Convention Centre (YCC). The three-day exhibition is organised by MP Singapore Pte Ltd and is supported by Security Systems Association of Singapore (SSAS) and Private Security Services Association in Myanmar (PSSA).

Myanmar Security Expo 2018 is the only dedicated trade event for the security community in Myanmar and Indochina to source for the latest security innovations. The exhibition showcases surveillance products and services, perimeter security solutions, access control management systems, biometric systems, RFID, smartcard technology, data security solutions and fire safety equipment from international exhibiting companies such as Armscor Global Defense, Canon Singapore, Horing Lih Industrial, Omnitec, SALTO Systems, Tecomas, Zoom Tech and local companies such as Alliance Stars, Phoenix Elite Security Services, and YITM.

Exhibiting for the first time, SALTO Systems will be showcasing its unique networked wire-free escutcheons and electronic cylinders that can be used for an extensive range of access control applications. It is the first data-on-card RFID system that can be upgraded at any time. With their advanced SALTO XS4 online battery-operated wireless lock system, users can experience real-time access control solutions without the need for wiring. SALTO Systems is one of the seven companies within the Singapore Pavilion led by Security Services Association of Singapore.

The exciting programme line-up of presentations, workshops, seminars, demonstrations and case studies will create the best opportunity for participants to stay on top of industry trends. Admission to these sessions are free for trade visitors. The Private Security Services Association in Myanmar

(PSSA) will also be conducting a workshop on security awareness and challenges in Myanmar with a focus on human security and how its conditions are intertwined with political, economic and social issues on the 19 October. Participants may tap on industry knowledge from thought leaders as global solution providers will present topics ranging from field-based chemical identification, security regulation in Myanmar, infrastructure and cyber security solutions to rapid deployable unmanned surface vessel.

“Myanmar’s rapid modernisation brings about the need to secure data, property and assets to ensure a safe and optimal environment that will boost foreign investor confidence in Myanmar. Demand for security products is expected to grow as Myanmar unleashes its untapped economic potential and we see the opportunity for a dedicated platform such as Myanmar Security Expo to continue its presence in Myanmar. The government has placed strong emphasis on developing the economy and this event serves to complement Myanmar in its economic transformation,” states Jason Ng, Executive Director of MP Singapore, the event organiser of Myanmar Security Expo.
